#### Decision of IGC Plenary (if appropriate)

#### Background:

The IGC Plenary, in 2001, tasked the Annex A Committee with proposing options to reduce the costs of the International Jury to Championship Organisers.

A proposal to reduce the costs of the International Jury (dated 14 October 2001) has been prepared by the Annex A Committee. The paper has been posted on the IGC website.

The paper proposes the changes recommended above to the protocols governing the selection of the Members of the International Jury as attached.

This proposal needs to be read in conjunction with amendment 0207, which proposes changes to Annex A regarding the mechanisms for the appointment of the members of the International Jury.

The paper also proposes changes to funding to assist Organisers with the costs of the International Jury (amendment 0242).

**Comment:**

*Annex A Group supports this proposal, but notes that the appointment of suitable persons as members of the Jury should normally be done at the IGC plenary. The selection of a suitable person at the event to serve as a member of the Jury should be the exception, not the norm.*

Refer to amendment 0207 for the changes to Annex A

Note the implementation of this proposal is immediate.
