  - 14.1 GS 4.3.2.4 Jury President. Proposal from Flip Koetsier, CIVL  
President.

In the second sentence, after "If the organisers fail to do so", add:  
"or fail to enforce adequate safety standards". This sentence would  
then read: "If the organisers fail to do so or fail to enforce  
adequate safety standards, the President of the Jury has the power to  
stop the event until a Jury meeting has considered the situation."  
The CIVL President states: "The reason why we ask for this addition is  
that we have added and implemented some safety rules for competition  
organisers and we need to make sure that the organiser will follow  
those rules.

What might need to be considered is whether giving a jury president  
such additional powers might be considered to shift some  
responsibility (and therefore potential liability) from the organiser  
to the FAI."
